## SKILLS

- Languages:** JavaScript, Python, Java
- Frameworks:** HTML and CSS, Node.js, React.js
- Tools/Platforms:** MongoDB
- Soft Skills:** Problem-Solving Skills, Adaptability, Critical Thinking

## INTERNSHIP

### Annapurna Veneer Udyog – Paid Internship

Jun'25 – Sept'25

Sales and Accounts Intern

- Worked in the Sales and Accounts Department, handling daily business and client transactions using **Tally ERP 9**, maintaining **98% accuracy** in financial entries and account records.
- Maintained and analyzed data in **Microsoft Excel**, assisting in invoice and report preparation and improving overall reporting speed and record-keeping efficiency by **30%**.
- Enhanced understanding of real-world financial processes by supporting day-to-day sales coordination, **improving record-keeping accuracy by 25%**, and contributing to **35% smoother business operations**.

## PROJECTS

### Accounting Management System |HTML, JavaScript, Node.js, React.js, MongoDB | [Github](#) | [Live](#) Oct'25 – Nov'25

Annapurna Veneer

- Developed a full-stack accounting management system for a plywood company to handle **daily transactions, customer records, sales, and stock data**, replacing manual accounting with a digital automated workflow.
- Built secure and scalable **backend APIs** using **Node.js** and integrated **MongoDB** for data storage, authentication, CRUD operations, and real-time record management.
- Replaced manual accounting, leading to a **60% improvement in data accuracy, 40% faster record management**, and a structured system that allowed staff to track financial and stock data efficiently.

### Personal Portfolio Website |HTML, Tailwind, JavaScript, Node.js, React.js | [Github](#) | [Live](#)

Nov 2025

- Designed and developed a clean, **responsive portfolio website** to showcase my projects, skills, and academic background with a modern UI/UX layout.
- Built using HTML, Tailwind CSS, JavaScript, Node.js, and React.js, implementing **reusable components, responsive layouts**, and optimized loading performance.
- Improved my overall **front-end development efficiency by 30%**, increased project presentation quality, and created a platform where **recruiters can easily explore 100% of my work in one place**.

## TRAINING

### Skill Stone a Grazitti Interactive initiative

Java Fundamentals | [Certificate](#)

Jun'25 – Jul'25

- Completed hands-on training in core Java concepts**, including OOP principles, classes & objects, inheritance, polymorphism, interfaces, and exception handling.
- Gained practical experience with Java programming**, covering control statements, arrays, functions, string handling, and basic data structures.
- Worked on mini Java programs** and practice tasks, improving logical thinking and **debugging skills by 30%**, and enhancing code quality and **optimization by 25%**.
